

# GEOMETRICA

Geometrica gets its name from the geometric patterns engraved all across the wall shutters. These patterns make this kitchen a minimalistic work of art, leaving a lasting impression. Optionally, a highlight can be created by adding a glass cut running across the wall shutters. Geometrica is a kitchen for the efficient and uncomplicated. Neither loud nor quiet, just right.

## Features

- PU Lace Shutters with engraved geometric patterns on wall shutters.
- Handle-less wall shutters.
- Soft-close hinges from BLUM, Austria.
- Soft-close drawer system from GRASS Austria.
- Option to have PU Lace Shutters on base units also.
- Option to have a highlighter small window running across the wall shutters.
