

# Guidance *through* Mastery

# Canister Organiser

Welcome to the future with Saviesa SavvyTech. There are new and modern ways to get organised in your kitchen. Smart ways to be efficient while cooking. SavvyTech from Saviesa is a whole new world of discipline in the kitchen that saves you time and energy. SavvyTech is set to blaze a trail in the modular kitchen industry, and here is your chance to be the trendsetter.

# Unique Features

Neatly cutout wooden trays hold the canisters in place, and fit perfectly in standard drawers.

Transparent, airtight, non-breakable Polycarbonate lid.

40% thicker steel, is highly durable and long-lasting.

Made in SS 304 steel, with a lifetime rust-free warranty.

Height and width of canisters maximise drawer space.

# Types of Canisters

Saviesa's experts have developed the canisters in various sizes, to help maximise the space available in drawers of various dimensions

Canister parameters					
Capacity	2kg	1kg	1kg	500gm	140gm
SS canister base diameter in mm	135	98	135	98	60
Canister lid diameter in mm	145	110	145	110	70
Canister height with lid in mm	185	185	90	90	70

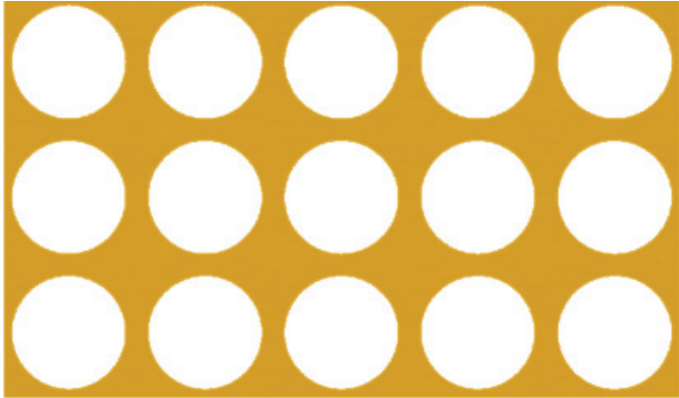

\*Height mentioned is with lid

Combination of 1kg and 2kg canisters- 90mm height  
3 canisters 2kg; 12 canisters of 1kg 90mm height

# Spice Canister

This removable spice canister is just so convenient. Fits perfectly in the top drawer, just under your hob. So everytime you cook, simply lift the entire set of canisters and keep it on your countertop. Once done, lift it up and place it back. Neat, isn't it?
