

SCANDICA

Scandica is a gracefully designed kitchen with some striking features. A perfect design of a highly dependable product. The characteristic chamfered open elements and the lean, Gola Profile running through the length of the cabinets adds a unique character to this kitchen.

Features

- Shutters in high sheen Arylic and Synchro Laminate combination.
- Striking open elements with chamfered shelves.
- Handle-less wall shutters.
- Muted textile colours for carcasses.
- High-quality appliances.
- Drawer systems from GRASS, Austria.
- Option to have trendy designer legs instead of skirting below cabinets, for easy cleaning.
- Option to have base shutters with Gola Profile for handle-less shutter opening.
